THE ANGLICAN CYCLE OF PRAYER

At the end of every meditation in Forward Day by Day is the day's entry for the Anglican Cycle of Prayer (ACP). Maintained by the Anglican Communion Office in England, the ACP is a way to pray for every diocese and province in the Anglican Communion over a period of two years. The Anglican Communion has eighty million members in more than 160 countries—reflecting an astounding array of languages, cultures, and ministries.

Anglican Cycle of Prayer Spotlight: Forward Movement and Episcopal Relief & Development invite you to pray for our brothers and sisters throughout the world and with special intention for the Anglican Diocese of Rio de Janeiro.

Brazil is the largest and most populated country in South America. One-third of Brazilians live below the poverty line and, according to a study conducted by Episcopal Relief & Development and the Anglican Diocese of Rio de Janeiro, one in three women have suffered from exposure to violence. In an environment marked by chaos and uncertainty, many victims of gender-based violence suffer from symptoms of trauma, debilitating stress and anxiety, which impact their self-perception and their relationships with others.

In addition to the issue of poverty, these lasting repercussions of crime and domestic violence in sprawling urban areas of Brazil pose major obstacles to community health and individual livelihoods. Episcopal Relief & Development continues to respond to issues of poverty and gender-based violence in Brazil through the Servicio Anglicano de Diacono e Desenvolvimento (SADD), the development arm of the Episcopal Anglican Church of Brazil. SADD is tasked with building the capacity of diocesan representatives through technical support and training to manage, monitor and evaluate social development projects across the country. SADD supports nine dioceses and pursues a mission to transform lives and affirm values that promote social change. Bishop-elected volunteers help SADD work locally to train and empower diocesan contacts engaged in projects to impact the social, emotional and spiritual transformation of marginalized people in Brazil.

Episcopal Relief & Development has chosen SADD as a primary partner to help it achieve that vision: in a recent consultation with our staff, SADD decided to initiate a three-year (2015-2017) Integrated Provincial Strategic Plan that incorporates gender rights and gender-based violence prevention into its programs. The strategic plan will align those goals with the Church's own vision, creating unity across programs and maximizing potential to achieve a common goal of addressing violence and poverty in Brazil. - See more at: http://www.episcopalrelief.org/where-we-work/country/brazil#sthash.f51ZmUTQ.dpuf
